

A Message from our Pastor

As the recently appointed pastor of Christ the King I want to offer a few words of thanks. First to our beloved Pastor Emeritus of Beloved Memory – Fr Jim Fitzmaurice. He has positioned our parish to be able to address this new model of church wherein the people in the pews must have a greater voice and greater responsibility for the parish than ever before. I am also grateful to the Pastoral Council, Trustees, Financial Council and countless staff and volunteers who have answered the call. Our Strategic Plan is a wonderful example of how varied voices can struggle together for the good of the parish.

The need for a strong Pastoral Council has never been greater. Each parish in the diocese comes with particular gifts that comprise the whole of the unified church. We would be bereft without each part. It is the local parish voice that ensures that this parish will continue to be the particular gift that it is rather than simply allowing the homogenization of all the parishes in our network.

I am blessed to be joining a vibrant community grounded in the tradition of faith and looking into the signs of the times by the light of that faith to make Jesus Christ present in our particular way.

With Gratitude to All,

Fr. Rick

2020 - 2025 Christ the King Strategic Plan

The primary role of the Christ the King Pastoral Council is to empower the parish community to live out their baptismal call by engaging our parishioners in the life and mission of our Parish. We are charged with the responsibility of holding our Parish in trust with its members and the needs of our community, insuring that parish ministries and activities are in accordance with the Parish vision and its mission statement.

The council meets monthly to discuss pastoral matters, at which time, we consider them thoroughly, and propose practical solutions and recommendations to the Pastor and Staff. In order to achieve this, the Council found a need to create a strategic plan for the Parish. Over the course of three years, the Pastoral Council examined the strengths, weaknesses, opportunities and threats (SWOT) of Christ the King. From information extracted from the SWOT analysis, the Council developed belief statements, parameters and objectives. Five overall goals, with objectives, were established - Communication, Community Building, Faith Enrichment, Discipleship/Ministry and Peace/Social Justice.

Finally, some action plans were created for each area of need. In some instances, some of the action plans have been implemented, and in some cases, we request your input to help us build up our Parish. The main purpose of the attached document is to present this strategic plan to the Parish in order to empower our parishioners to continue the development of action plans.

2020-2025 Christ the King Strategic Plan

We identified many strengths at our Parish, but perhaps the most prevalent was that Christ the King is an open, welcoming and inclusive parish “family” led by a warm, charismatic Pastor. Our culturally diverse parishioners are actively involved in all aspects of parish life, and they work well with the committed leadership team at Christ the King on many service programs within and outside of our parish. Along with the physical beauty of the church, we feel that our liturgical and music ministries do a wonderful job meeting the sacramental and spiritual needs of the parishioners, especially during the Triduum, Easter and Christmas liturgies. The strength of our Parish’s Faith Formation programs; i.e. pre-K through 11th grade, Youth Ministry, RCIA as well as Adult Faith Enrichment; have been instrumental in strengthening the faith of the parish. Finally, the success of many of our larger social events, the award winning Early Childhood Education Center and the strong CYO basketball program round out many of the strengths that we identified.

2020-2025 Christ the King Strategic Plan

As strong as we feel our Parish is, we know that we have weaknesses and there are threats to our church. The one that is probably present in every parish nation-wide is the fact that we tend to lose our young people once they are confirmed, and that we fall short in getting teens involved in parish life. With that being said, there are young people actively looking to belong to a parish; there is a great need for services throughout Albany County which presents us with a great opportunity to grow our Parish. If we are to grow, this strategic plan will address one of the other weakness that was identified, mainly, that we have a limited number of catechists, Eucharistic Ministers and other key people to sustain a quality, sacramental experience at Christ the King. Some of the threats that we may not be able to control internally, but need to be aware of when we search for ways to enhance life within our parish is that people are upset with the Catholic Church in the way they have handled past scandals. In addition, there is an over-all disdain by people outside the catholic faith for all things “Catholic,” and there is no denying there is more secularization and polarization of the world. Although these issues are real, they did not impede us from developing a Strategic Plan that we feel will enhance Christ the King.

In conclusion, this plan is the result of a strong collective effort by committed parishioners representing Christ the King Parish. It is the Pastoral Council’s hope that this plan will be embraced and implemented by all to make this great parish of ours even greater!

The Pastoral Council

Parish Mission Statement

Christ the King Parish is called together by God as a sharing community, to radiate, celebrate and proclaim Jesus Christ through prayer, Word, worship and service as we seek to build up this one body, adapting to the diverse needs of the people in whose midst we live and witness.
