5. NAPTIME POLICY

I understand that full-time toddlers will sleep in their classrooms located in the rear of the Parish Center in classrooms approved by NYS OCFS for this age group. The 5-1 child-adult ratio will be maintained during nap-time. Each child will sleep on their own cot or mat. If there are *rare instances* where the number of toddler children exceed the ratio limit, some of the toddler children will nap in classroom 114 which is licensed by NYS OCFS for children 18-36 months of age. If a child is preparing to transition to the Toddler 2 or Nursery classroom, he or she may nap in that room in agreement with a transition plan approved by the child's parent or guardian. All ratio's set forth in section 418-1.8 of the Child Care Regulations will be adhered to.

I understand that full-time preschool children will sleep in their classrooms located in the Parish Center in areas approved for this age group. The appropriate child-adult ratio will be maintained during nap-time (7-1 for three-year old children and 8-1 for four-year old children). If a child is preparing to transition to a Pre-K classroom, he or she may nap in that room in agreement with a transition plan approved by the child's parent or guardian. Each child will sleep on their own cot or mat. If there are *rare instances* where the number of preschool children exceed the ratio limit, some of the preschool children will nap in an adjacent preschool classroom which is licensed by NYS OCFS for children 3-5 years of age. All ratio's set forth in section 418-1.8 of the Child Care Regulations will be adhered to.
