## *Saint of the Day for May 20<sup>th</sup>*

### *Saint Bernardine of Siena*

*(Sept. 8, 1380 – May 20, 1444)*

*Bernardine was the greatest preacher of his time, journeying across Italy, calming strife-torn cities, attacking the paganism he found rampant, attracting crowds of 30,000, following Saint Francis of Assisi's admonition to preach about "vice and virtue, punishment and glory."*

*Compared with Saint Paul by the pope, Bernardine had a keen intuition of the needs of the time, along with solid holiness and boundless energy and joy. He accomplished all this despite having a very weak and hoarse voice, miraculously improved later because of his devotion to Mary.*

*When he was 20, the plague was at its height in his hometown of Siena. Sometimes as many as 20 people died in one day at the hospital. Bernardine offered to run the hospital and, with the help of other young men, nursed patients there for four months.*

*At 22, he entered the Franciscan Order and was ordained two years later. For almost a dozen years he lived in solitude and prayer, but his gifts ultimately caused him to be sent to preach. He always traveled on foot, sometimes speaking for hours in one place, then doing the same in another town.*

*Especially known for his devotion to the Holy Name of Jesus, Bernardine devised a symbol—IHS, the first three letters of the name of Jesus in Greek—in Gothic letters on a blazing sun. This was to displace the superstitious symbols of the day. The devotion spread, and the symbol began to appear in churches, homes and public buildings. Opposition arose from those who thought it a dangerous innovation. Three attempts were made to have the pope take action against him, but Bernardine's holiness, orthodoxy, and intelligence were evidence of his faithfulness.*

*General of the Friars of the Strict Observance, a branch of the Franciscan Order, Bernardine strongly emphasized scholarship and further study of theology and canon law. When he started there were 300 friars in the community; when he died there were 4,000. He returned to preaching the last two years of his life, dying while traveling.*

**Reflection:** *There is danger that we see only the whirlwind of activity in the Bernardines of faith—taking care of the sick, preaching, studying, administering, always driving—and forget the source of their energy. We should not say that Bernardine could have been a great contemplative if he had had the chance. He had the chance, every day, and he took it.
